Ahmad R. Al-Hashaykeh

Full stack Developer

Phone Number: +962 789 651 800 | **Email:** ahmadalhashaykeh54@gmail.com | Linkedin

Objective:

Accomplished Senior Full Stack Developer with a proven track record of driving technological innovation and operational efficiency. Skilled in streamlining deployment processes to significantly reduce errors and introducing cutting-edge technologies to enhance system performance and user experience. Expert in aligning technical initiatives with business objectives through effective stakeholder collaboration. Demonstrates strong leadership in implementing security best practices and integrating management insights to deliver strategic IT solutions. Excels in leading cross-functional teams and ensuring rigorous quality assurance to deliver high-performance software solutions on time and within budget.

Academic Qualifications

- **Bachelor's degree in Industrial Engineering,** The Hashemite University **|** 2021 – Present

Work Experience:

Petra MS

Senior Full Stack Developer | 2024 - 2025

- Streamlined deployment processes, resulting in a decrease in deployment errors.
- Introduced new technologies or frameworks that improved system performance or user experience.
- Collaborated with stakeholders to gather requirements and ensure alignment with business objectives.
- Led the implementation of security best practices, ensuring compliance with industry standards.
- Successfully integrated management and business analysis skills into technical roles, effectively translating customer requirements into actionable IT strategies.
- Developed and implemented strategic plans for the IT department, optimizing workflow efficiency and enhancing project delivery timelines.
- Led cross-functional teams in tracking and managing tasks, ensuring alignment with project goals and client expectations.
- Implemented robust quality assurance protocols, conducting thorough software testing to deliver high-performance and reliable solutions to clients.

Full Stack Developer | 2023 - 2024

- Engineered intuitive UI/UX designs for websites, amplifying user engagement and experience.
- Crafted responsive front-end web applications utilizing HTML, CSS, JS, Bootstrap, and the Next.js framework.
- Implemented robust back-end solutions employing PHP, PHP Laravel, and MySQL database design and planning.
- Fostered effective collaboration across diverse teams, ensuring the delivery of high-quality projects within specified timelines and budgetary constraints.
- Demonstrated adept problem-solving abilities in resolving intricate technical challenges, thereby optimizing overall efficiency and effectiveness.

UI/UX Designer & Front End Developer, Decent E-Marketing | 2022 - 2023

- Designed intuitive and visually appealing UI/UX for websites and mobile apps using Figma, enhancing user experience and engagement.

- Developed responsive front-end web applications with HTML, CSS, JS, and Bootstrap, ensuring optimal performance across various devices and platforms.
- Collaborated closely with cross-functional teams to deliver high-quality design and development projects, meeting deadlines and exceeding client expectations.
- Demonstrated a keen eye for detail and creativity in transforming client requirements into visually stunning and user-friendly digital experiences.
- Played a key role in enhancing the company's digital presence and brand image through innovative design and front-end development solutions.

Courses

Course's Name	Organization's Name	Date
Lean Management	Lean Management	2023
Data Analytics	Corsera	2023
Excel Course	Miami Business Centre	2022
3D Design	Jordan Gaming Lab	2018

Skills:

Technical Skills:

- **Management Skills:** Project management, team leadership, and strategic planning in software development.
- **HTML:** Creating and structuring web content using HTML5.
- **CSS:** Designing responsive and visually appealing web pages with CSS3 and frameworks like Bootstrap.
